

CUT THE CORD (162)

Tuesday, 1:00 – 2:30 (One-day Class, 11/14) in Room 19

Tuition \$12

These days most of us get our information and entertainment from our cable provider either Spectrum or Frontier. Phone, television, and internet comprise the triple play. How many cable TV channels do you actually use? This presentation will review the triple play and discuss broadcast television, streaming devices, and services as alternatives to the cable TV channels. Using these alternatives you can eliminate the television portion of your cable bill, and possibly reduce your monthly costs. Come and see the alternatives so you can make your own “Cut the Cord” decision.

Phil Sorrentino is the secretary of the Sun City Center Computer Club and a past president of the Sarasota Computer Users Group. He has taught a variety of beginner and advanced computer classes and writes a monthly computer article for both organizations’ newsletters. Phil is an electrical engineer and has worked at developing computer hardware and software for his entire career.
