Paper quilling is an ancient art, which is currently enjoying a resurgence in popularity. In this class, participants will learn to use the slotted quilling tool to create 8 basic shapes. From these basic shapes, they will learn to bend, twist, pinch and turn strips of paper to letters, birds, flowers and take the creator to whatever is imagined. This class is highly participative, and participants will have something to take home after every class meeting.

There is a required materials charge of \$20, payable to the instructor on October 6.
